FOR IMMEDIATE RELEASE

Aliso Viejo, CA – December, 5, 2007 – Bob Brunson has joined Aliso Viejo-based LAN International as Marketing Manager.

Brunson, who brings two decades of marketing experience to LAN International, will be responsible for the firm's branding, marketing and public relations initiatives. "In many ways LAN has pioneered the industry with its VIERO software," said Brunson. They have a great story to tell, backed by an unprecedented suite of products, so I'm really thrilled to be a part of the team!"

Owned by Clear Channel Communications, LAN International develops software that helps broadcast media to manage inventories and maximize revenue.

"We are very excited to have someone of Bob's caliber join our team. His extensive marketing background and unlimited enthusiasm will be a huge asset to us in building the VIERO brand," said Ro Catalfo, Director of Customer Relations at LAN International.

About LAN International

Now in its eleventh year of operations, LAN International is a software development company providing revolutionary revenue management solutions to broadcast radio entities under the brand VIERO®. The company currently serves 1,154 radio stations in over 220 markets across the United States, making it one of the largest providers of such systems in the nation. LAN's state-of-the-art, 24/7 customer support spans the nation with offices in the Aliso Viejo, CA (headquarters), Orlando, FL and San Antonio, TX.
